### Position of the ears on the head Fig. 2

normal    low    high

**Attention**

In the case of anatomical abnormalities, describe the shape of the head as precisely as possible. Photos are very helpful here.

Ideally, the tips of the ears are located on the line of measurement A.

If the positioning of the ears differs from this, make certain that measurement C is taken across the top of the head, beginning and ending at the line of measurement A.

In the case of asymmetrical ear positions, please give a clear and detailed description in the box labelled "comments" below.

### Skull perspectives Fig. 3

Anterior/Front

Comments:

---

If necessary, please print and alter the forehead and/or skull shape in the adjacent illustrations or, if applicable, note any other deviations.

Further particulars, if Varia, Flex, Protect, Protect Plus, Go Sport or Go Sport Plus models are required.
